SGA Co-Presidents’ Twenty Pardons

By Rus Pyle and Thaddeus Hollingsworth
Contributing Writers

We, the lame duck Co-Presidents of the SGA, in the tradition of great presidents of the past (e.g. Richard Nixon, Ronald Reagan, George Bush, and Bill Clinton), as we finish our term and hand over the power to Weldon [Miller] and Rachelle [O’Connor], we would like to pardon a few people for things that may or may not have been their bad:

1. Ourselves, for pointless mass e-mails and Rus for lack of punctuation.
2. Board of Trustees for homophobia.
3. Jason Good for having such “good” attendance at SGA meetings.
4. Hair House for the infiltration of this vocabulary all over campus (that’s your bad guys).
5. The Snack Shoppe for consistently being out of stock of everything anyone would want.
6. Thaddeus and Rus for making “Stache Month” happen again.
7. Both of us for demanding that our pictures be in the Weather Vane one last time.
8. Joe Lapp for letting military recruiters come to campus and not Open Door.
9. Dave Landis, Matt Kraybill, Mark Snyder, Thaddeus May, etc., for all of the pranks they’ve pulled that have destroyed campus; seriously guys, not trying to keep it real?
10. Last semester’s Weather Vane – we really didn’t say that, guys.
11. The snack shop, for still using styrofoam, no wait, you will never be forgiven for that, and neither will EMU for annual tuition hikes. Rus won’t be forgiving you for at least 95 years on his current payment plan; it’s a good percentage rate.
12. This semester’s Weather Vane editors for any absences they had from class due to “Weather Vane work.”
13. Kevin Burnett for being such a hot guy.
14. The Frederick County Fraternal Order of Police; that’s nice work, boys.
15. Anyone who has rung the bell in the Snack Shoppe while Rus was standing right there.
16. The inexcusable and obviously unbalanced ratio of freshman girls’ names to freshman guys’ names we have learned this year; Yeah, that’s our bad, guys.
17. The Hair House for always representing.
18. This Guy sending out e-mails without including his name.
19. Thaddeus for the ungodly number of times he has referenced the Hair House this year.
20. Rus, for the ungodly number of times he has referenced the snack shop in this article.

Hugs & Slugs

A hug to the debunking requirements before finals. Adding chaos to finals week is NOT HELPFUL.

A hug to cool profs. We’ll miss you over the summer ... maybe.

A slug to the people who think it’s funny to throw things at the tent city. How mature - why don’t you come and join us?
